## Snow showers and then ice leading to some disruption to travel during Monday.

### What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

### Further details

Snow showers are likely to affect parts of north and east Norfolk and northeast Suffolk, with a few places, particularly near the coast seeing 2-5 cm of snow. The showers will clear into the evening with untreated surfaces then becoming icy.

What should I do?
Snowy, wintry weather can cause delays and make driving conditions dangerous. Keep yourself and others safe by planning your route, giving yourself extra time for your journey. Check for road closures or delays to public transport and amend plans if necessary.
